

CONCLUSION: MODULE OVERVIEW

Module Overview:

The Conclusion provides a wrap up of the training session. It is a review of the course objectives, and should encourage discussion amongst the group (feedback on whether the group feels course objectives were met, general checkpoint on how the group feels about the system).

The course evaluation should also be done as part of the Conclusion. The course evaluation can be found in the Trainer Materials section of this binder.

NOTE: The estimated time to complete this module is as follows:

Presentation: 10 minutes

Discussion: 30 minutes

Evaluation: 10 minutes
