

2019-2020 Florida Job Growth Grant Fund Public Infrastructure Grant Proposal

Proposal Instructions: The Florida Job Growth Grant Fund Proposal (this document) must be completed by the governmental entity applying for the grant and signed by either the chief elected official, the administrator for the governmental entity or their designee. Please read the proposal carefully as some questions may require a separate narrative to be completed. If additional space is needed, attach a word document with your entire answer.

Governmental Entity Information

Name of Governmental Entity: State College of Florida, Manatee-Sarasota

Government Federal Employer Identification Number: ██████████

Primary Contact Name: Julia Jakway

Title: Vice President, Finance and Administrative Services

Mailing Address: 5840 26th Street West

Bradenton, FL 34207

Phone Number: 941-752-5443

Email: jakwayj@scf.edu

Secondary Contact Name: Chris Wellman

Title: Director of Facilities

Phone Number: 941-752-5443

Public Infrastructure Grant Eligibility

Pursuant to section 288.101, F.S., the Florida Job Growth Grant Fund was created to promote economic opportunity by improving public infrastructure and enhancing workforce training. Eligible entities that wish to access this grant fund must submit public infrastructure proposals that:

- Promote economic recovery in specific regions of the state, economic diversification or economic enhancement in a targeted industry. ([View Florida's Targeted Industries here.](#))
- Are not for the exclusive benefit of any single company, corporation or business entity.
- Are for infrastructure that is owned by the public and is for public use or predominately benefits the Public.

1. Program Requirements:

(If additional space is needed, attach a word document with your entire answer.)

Each proposal must include the following information describing how the project satisfies eligibility requirements listed on page 1.

A. Provide a detailed description of the public infrastructure improvements.

This project will establish the infrastructure required for Phase I of the Parrish Campus of the State College of Florida, Manatee-Sarasota. See attached, Section 1.A.

B. Provide location of public infrastructure, including physical address and county of project.

11680 Erie Road, Parrish, FL 34219

C. Is this infrastructure currently owned by the public?

Yes No

If no, is there a current option to purchase or right of way provided to the County?

D. Provide current property owner.

The District Board of the Trustees of the State College of Florida, Manatee-Sarasota.

E. Is this infrastructure for public use or does it predominately benefit the public?

Yes No

F. Will the public infrastructure improvements be for the exclusive benefit of any single company, corporation or business entity?

Yes No

- G.** Provide a detailed description of, and quantitative evidence demonstrating, how the proposed public infrastructure project will promote:
- Economic recovery in specific regions of the state;
 - Economic diversification; or
 - Economic enhancement of a Targeted Industry ([View Florida's Targeted Industries here.](#))
 - Describe how the project will promote specific job growth. Include the number of jobs that will be retained or created, and in which industry(ies) the new net jobs will be created using the North American Industry Classification System ([NAICS](#)) codes. Where applicable, you may list specific businesses that will retain or create jobs or make capital investment.
 - Provide a detailed explanation of how the public infrastructure improvements will connect to a broader economic development vision for the community and benefit additional current or future businesses.

See attached, Section G.1.

2. Additional Information:

(If additional space is needed, attach a word document with your entire answer.)

- A.** Provide the proposed commencement date and number of days required to complete construction of the public infrastructure project.

This project will commence approximately 90 days from receipt of the award funds and includes the following development phases; comprehensive site master planning & design development. Construction will commence approximately 90 days after completion of design and will take approximately 180 to 270 days to complete.

-
- B.** What permits are necessary for the public infrastructure project?

- Manatee County: General Development Plan
 - Campus Master Plan
 - Manatee County: Final Site Plan/Construction Plan for Campus
 - Southwest Florida Water Management District: Environmental Resource Permit
-

- C.** Detail whether required permits have been secured, and if not, detail the timeline for securing these permits. Additionally, if any required permits are local permits, will these permits be prioritized?

Approval of all necessary permits for infrastructure to support Phase 1 of the campus is anticipated in the second quarter of 2021. The GDP is scheduled for Manatee County Board of County Commissioners approval in March, 2020. Required county permits can be prioritized.

- D.** What is the future land use and zoning designation on the proposed site of the infrastructure improvements, and will the improvements conform to those uses?

The site is designated Urban Fringe-3 dwelling units per acre (UF-3) in the Manatee County Comprehensive Plan. Existing zoning is Planned Development Mixed Use (PDMU). A college campus is among the range of permitted uses in the future land use and zoning district.

- E.** Will an amendment to the local comprehensive plan or a development order be required on the site of the proposed project or on adjacent property to accommodate the infrastructure and potential current or future job creation opportunities? If yes, please detail the timeline.

Yes No

- F.** Is the project ready to commence upon grant fund approval and contract execution? If no, please explain.

Yes No

- G.** Does this project have a local match amount?

Yes No

If yes, please describe the entity providing the match and the amount.

The State College of Florida will seek both legislative appropriation and local funding for construction of Phase I of the project in 2020 in the amount of \$9,500,000.

- H.** Provide any additional information or attachments to be considered for this proposal. Maps and other supporting documents are encouraged.

See attached, Section 2.H.

3. Program Budget

(If additional space is needed, attach a word document with your entire answer.)

Estimated Costs and Sources of Funding: Include all applicable public infrastructure costs and other funding sources available to support the proposal.

1.) **Total Amount Requested** \$ 3,100,000.00
 Florida Job Growth Grant Fund

A. Other Public Infrastructure Project Funding Sources:

City/County \$ _____

Private Sources \$ _____

Other (grants, etc.) \$ _____

Please Specify: _____

Total Other Funding \$ _____

B. Public Infrastructure Project Costs:

Construction \$ 1,800,000.00 _____

Reconstruction \$ _____

Design & Engineering \$ 950,000.00 _____

Land Acquisition \$ _____

Land Improvement \$ 350,000.00 _____

Other \$ _____

Please Specify: _____

Total Project Costs \$ 3,100,000.00 _____

Note: The total amount requested must be calculated by subtracting the total other public infrastructure project funding sources in A. from the total public infrastructure project costs in B.

- C. Provide a detailed budget narrative, including the timing and steps necessary to obtain the funding and any other pertinent budget-related information.

See attached, Section 3.C.

4. Approvals and Authority

(If additional space is needed, attach a word document with your entire answer.)

- A. If the governmental entity is awarded grant funds based on this proposal, what approvals must be obtained before it can execute a grant agreement with the Florida Department of Economic Opportunity (e.g., approval of a board, commission or council)?

This project will require approval by the State College of Florida, Manatee-Sarasota Board of Trustees.

If board authorization is not required, who is authorized to sign?

- B. If approval of a board, commission, council or other group is needed prior to execution of an agreement between the governmental entity and the Florida Department of Economic Opportunity:

- i. Provide the schedule of upcoming meetings for the group for a period of at least six months.
- ii. State whether entity is willing and able to hold special meetings, and if so, upon how many days' notice.

The State College of Florida Board of Trustees may hold special meetings. Usually, 12 days notice is required to schedule a special meeting.

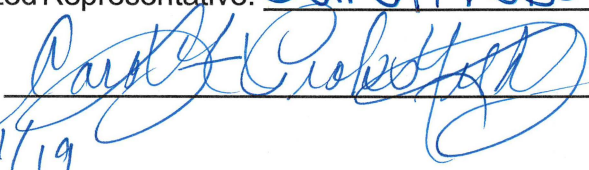

- C. Attach evidence that the undersigned has all necessary authority to execute this proposal on behalf of the governmental entity. This evidence may take a variety of forms, including but not limited to: a delegation of authority, citation to relevant laws or codes, policy documents, etc.

See attached copies of the Florida Statutes and Administrative regulations delegating authority to the SCF Board of Trustees. See attached, Section 4.C.

I, the undersigned, do hereby certify that I have express authority to sign this proposal on behalf of the above-described entity and to the best of my knowledge, that all data and information submitted in proposal is truthful and accurate and no material fact has been omitted.

Name of Governmental Entity: State College of Florida, Manatee-Sarasota

Name and Title of Authorized Representative: Carol Probstfeld, President

Representative Signature: 

Signature Date: 12/11/19

2019-2020 Florida Job Growth Grant Fund Public Infrastructure Grant Proposal

State College of Florida, Manatee-Sarasota FEIN [REDACTED]

Primary Contact Name: Julia Jakway
Vice President, Finance and Administrative Services
5840 26th Street West
Bradenton, FL 34207
941-752-5326
jakwayj@scf.edu

1. Program Requirements:

A. Provide a detailed description of the public infrastructure improvements.

The State College of Florida, Manatee-Sarasota owns 74.51 acres dedicated to the future site of the SCF Parrish campus on 11680 Erie Road, Parrish, FL 34219, directly across the road from the new Parrish Community High School which opened in August 2019. The proposed infrastructure project includes a campus master plan; Phase 1 design and permitting (civil engineering, landscape and hardscape design and permitting); development and permitting for the preliminary site plan; final site plan and construction plan through Manatee County and the Southwest Florida Water Management District (SWFWMD); construction of landscape and hardscape; wastewater improvements to include design, permit and construction of a force main from the project site to the nearest north County wastewater treatment plant; design and construction of an on-site lift station; proposed waterway crossings; environmental clearing and enhancements and enhancement of the existing waterway trail.

B. Provide location of public infrastructure, including physical address and county of project.

This project is slated for property located at 11680 Erie Road, Parrish, FL 34219, Manatee County.

C. Is this infrastructure currently owned by the Public? Yes

D. Provide Current Property Owner.

The District Board of Trustees of the State College of Florida, Manatee-Sarasota.

E. Is this infrastructure for public use or does it predominantly benefit the public? Yes

F. Will the public infrastructure improvements be for the exclusive benefit of any single company, corporation or business entity? No

G. Provide a detailed description of, and quantitative evidence demonstrating, how the public infrastructure project will promote:

- **Economic recovery in specific regions of the state;**
- **Economic diversification; or**
- **Economic enhancement of a Targeted Industry.**

BOLDLY ENGAGING A NEW CAMPUS IN PARRISH

Preliminary Program Plan

SCF VISION

SCF is the region’s first choice for innovative, responsive, quality education, workforce training and community partnership.

STRATEGIC PRIORITY #1:

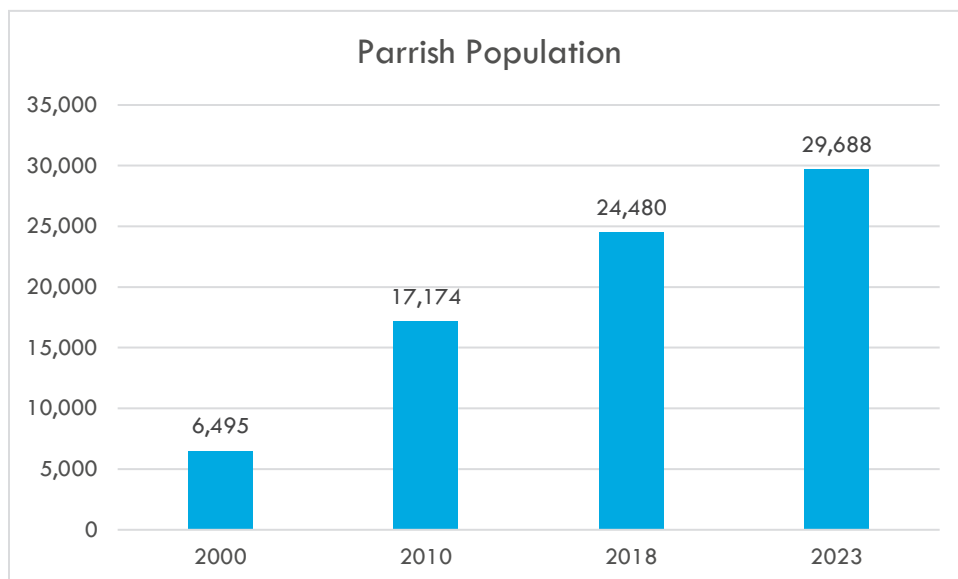

Ensure that SCF programs are available to students in all geographic locations of our service areas

- Increase physical presence in the rapid growth area east of I-75 and north of the Manatee River

To accomplish this strategic priority, SCF purchased 74 acres in Parrish in the summer of 2017 to build a new campus. Located at 11600 Erie Road in Parrish, the college’s newest campus will be conveniently located across the street from Parrish Community High School, scheduled to open in Fall 2019.

As a multi-campus institution started in Bradenton in 1957, this acquisition puts SCF amid new major growth areas in our service region-north of the Manatee River in Parrish, east of I-75 in Lakewood Ranch, and in the south with Venice & North Port.

Currently with a population of over 24,000, the Parrish community has experienced tremendous growth over the past two decades and is expected to continue to expand. Additional information regarding the current and projected community profile can be found in the data included in Appendix A.

COMMUNITY PROFILE

At the time of the land acquisition Dr. Probstfeld was quoted as saying “SCF will collaborate with the community to make sure SCF Parrish meets the needs of the surrounding area and our greater Manatee and Sarasota communities.” The collaboration is well underway!

Community Collaboration

Dr. Todd Fritch, Executive Vice-President & Provost has been charged with leading the planning and implementation process. To begin to gather information that would provide guidance for programs and services, several meetings took place throughout the past year. Daisy Vulovich, Dean of SCF Lakewood Ranch, has assisted Dr. Fritch in facilitating the focus groups and in the preliminary planning for the campus. SCF has been intentional with our outreach, engaging with the community often and early, well before a physical presence exists

A significant partnership has been established with the [Parrish Civic Association](#). President Gretchen Fowler has been instrumental in connecting college officials with community leaders who could provide valuable insight into the current and future needs of the growing Parrish community. To engage in community conversations, Dr. Fritch scheduled two community focus groups to brainstorm community/workforce needs. (Appendix B: Focus Group Participants) These groups gave SCF important insight into how the community was growing and the interests and needs of employers, agencies and civic groups.

Additionally, SCF faculty and staff were invited to a focus group to share their thoughts on what a new campus should consider—from recreation to support services in addition to degrees and continuing education. Economic development leaders and chamber representatives discussed how the Parrish campus can help fuel economic growth in the region and business attraction opportunities. As a result of these encounters, the college has a list of programs to consider and partnerships to foster as we move forward to the next phase of the planning process.

Suggested Programs & Services To Consider:

- General Education courses for prospective students
- Associate of Arts degree
- Dual Enrollment courses
- Education (Early Childhood Education/Educator Preparation Institute)
- Hospitality—emphasis on management rather than culinary arts/cooking
- Community Space for Events and Cookoffs-become a community focal point

- 
- Lifelong Learning (non-credit Continuing Education)
 - Personal Enrichment
 - Professional Development
 - Focus on children as families continue to move into the region
 - Veterans-active and retired
 - Re-careering opportunities

New Associate in Science (A.S.) Degree Programs To Consider:

- Agribusiness Management
 - Obtain an agricultural enterprise
 - Administer an agricultural oriented plan
 - Specialization could include Irrigation Technology or Golf Course Technician
- Environmental Science Technology
 - Knowledge of the principles of managing water and air pollution through prevention and remediation
 - Develop awareness of environmental noises, radiation monitoring, waste accumulation and disposal and solutions to those problems
 - Certificates: Hazardous Materials Specialist & Environmental Science Technician
- Golf Course Operations
 - Supervise & manage the operation, maintenance and repair of golf course equipment
 - Schedule irrigation and manage applications of agricultural chemicals
 - Train and supervise employees in the grooming/maintaining of greens, tees, etc.
- Landscape & Horticulture Technology
 - Knowledge of plant physiology and growth
 - Determine drainage system needs; pest control; fertilization
 - Select, operate and maintain tools & equipment

Partnerships to Explore

Another theme that was mentioned across all focus groups was the importance of collaboration and partnerships to enhance what is already available in the community and grow it to the next level.

Veterans Services: One of the “AHA” moments of our community meetings were learning about the large number of active and retired veterans in the area. Providing services to the veterans as well as having a place for other community agencies to meet regularly was of importance as there is a lack of community rooms in Parrish. The Premier Community Bank and one of the local churches provide space for meetings and activities. The college could be a primary focal point for such events in the future.

Parrish Civic Association: The College has already become a member of the Parrish Civic Association. SCF has participated in several community events including the annual Tree Lighting and the Chili Cook-off. There will be opportunities for collaborative business and community seminars and events. They will certainly be an important partner as we grow the campus.

The Y: With its proximity to our campus, there are many opportunities for collaboration. Conversation has already begun about the Y becoming a learning laboratory for our Early Childhood Education program, focusing on experiential learning and internships. Moreover, its’ close proximity to SCF will enable our faculty, staff and students to take advantage of child care options. Finally, there can be co-sponsored recreational activities.

Hispanic Organizations: With a Hispanic population over 11% and growing, working with agencies, churches and community groups that support this population will be crucial in recruitment activities, especially FTIC assistance.

Developers: SCF Parrish can be a catalyst for Neal Communities and others who are building in the area. Higher education opportunities are attractive additions to developing communities.

Parrish Community High School: Discussions have already begun with the newly appointed principal of Parrish Community High School. Dual enrollment on our campus, collaboration on 2+2 degree options and new articulation agreements are all viable options for us with implementation of some classes and services before our physical presence is a reality. In each focus group, there was the vision of a bridge across Erie Road that would facilitate easy access of our students to our respective campuses and services!

Port Manatee: Dr. Fritch met with Port Manatee officials to discuss how SCF and the Port can collaborate. Skills training for Port Manatee employees, customized training for Port affiliated companies and professional certification are options. The availability of a campus in proximity to the Port can be leveraged for future economic development within the region.

Sporting Events or Other Annual Events: Buffalo Creek will be adding sports fields as part of a county wide recreational space and this could give us options for recreational and social events for our students and the community.

SCF Strategic Planning & Fundraising: Our engagement with these internal and external stakeholder groups has helped to initiate early discussions with the SCF Foundation Board about fundraising for the new campus, and has also led to a prominent member of the Parrish Community (Alan Jones) to volunteer to serve on SCF's Strategic Planning Steering Committee.

Next Steps?

SCF will continue its community and business engagement as site preparation plans are being finalized for the campus.

- Meetings are already planned with new principle of the Parrish Community High School to discuss programs and services;
- Recommendations are being gathered from our economic development partners to identify companies and organizations that may be interested in further developing agribusiness/agritech/environmental science programs and services.

2. Additional Information:

A. Provide the proposed commencement date and number of days required to complete construction of the public infrastructure project.

This project will commence approximately 90 days from receipt of the award funds and includes the following development phases: comprehensive site master planning & design development. Construction will commence approximately 90 days after completion of design and will take approximately 180 to 270 days to complete.

B. What permits are necessary for the public infrastructure project?

Manatee County: General Development Plan

Campus Master Plan

Manatee County: Final Site Plan/Construction Plan for Campus

Southwest Florida Water Management District: Environmental Resource Permit

C. Detail whether required permits have been secured, and if not, detail the timeline for security these permits. Additionally, if any required permits are local permits, will these permits be prioritized?

Approval of all necessary permits for infrastructure to support Phase 1 of the campus is anticipated in the second quarter of 2021. The GDP is scheduled for Manatee County Board of County Commissioners approval in March 2020. Required county permits can be prioritized.

D. What is the future land use and zoning designation on the proposed site of the infrastructure improvements, and will the improvements conform to those uses?

The site is designated Urban Fringe – 3 dwelling units per acre (UF-3) in the Manatee County Comprehensive Plan. Existing zoning is Planned Development Mixed Use (PDMU). A college campus is among the range of permitted uses in the future land use and zoning district.

E. Will an amendment to the local comprehensive plan or a development order be required on the site of the proposed project or on adjacent property to accommodate the infrastructure and potential current or future job creation opportunities? If yes, please detail the timeline.

No

F. Is the project ready to commence upon grant fund approval and contract execution? If no, please explain.

Yes

G. Does this project have a local match amount?

Yes

If yes, please describe the entity providing the match and the amount.

The State College of Florida will seek both legislative appropriation and local funding for construction of Phase I of the project in 2020 in the amount of \$9,500,000.

H. Provide any additional information or attachments to be considered for this proposal. Maps and other supporting documents are encouraged.

Prepared by Esri

34219 (Parris...

Population

2000 Population	6,495
2010 Population	17,174
2018 Population	24,480
2023 Population	29,688
2000-2010 Annual Rate	10.21%
2010-2018 Annual Rate	4.39%
2018-2023 Annual Rate	3.93%
2018 Male Population	48.8%
2018 Female Population	51.2%
2018 Median Age	43.8

In the identified area, the current year population is 24,480. In 2010, the Census count in the area was 17,174. The rate of change since 2010 was 4.39% annually. The five-year projection for the population in the area is 29,688 representing a change of 3.93% annually from 2018 to 2023. Currently, the population is 48.8% male and 51.2% female.

Median Age

The median age in this area is 43.8, compared to U.S. median age of 38.3.

Race and Ethnicity

2018 White Alone	86.6%
2018 Black Alone	5.9%
2018 American Indian/Alaska Native Alone	0.3%
2018 Asian Alone	2.6%
2018 Pacific Islander Alone	0.0%
2018 Other Race	2.3%
2018 Two or More Races	2.3%
2018 Hispanic Origin (Any Race)	11.3%

Persons of Hispanic origin represent 11.3% of the population in the identified area compared to 18.3% of the U.S. population. Persons of Hispanic Origin may be of any race. The Diversity Index, which measures the probability that two people from the same area will be from different race/ethnic groups, is 39.7 in the identified area, compared to 64.3 for the U.S. as a whole.

Households

2000 Households	2,547
2010 Households	6,460
2018 Total Households	9,097
2023 Total Households	11,001
2000-2010 Annual Rate	9.75%
2010-2018 Annual Rate	4.24%
2018-2023 Annual Rate	3.87%
2018 Average Household Size	2.66

The household count in this area has changed from 6,460 in 2010 to 9,097 in the current year, a change of 4.24% annually. The five-year projection of households is 11,001, a change of 3.87% annually from the current year total. Average household size is currently 2.66, compared to 2.61 in the year 2010. The number of families in the current year is 7,094 in the specified area.

Data Note: Consumer spending shows the amount spent on a variety of goods and services by households that reside in the area. Expenditures are shown by broad budget categories that are not mutually exclusive. Consumer spending does not equal business revenue. Total and Average Amount Spent Per Household represent annual figures. The Spending Potential Index represents the amount spent in the area relative to a national average of 100.

Source: Consumer Spending data are derived from the 2015 and 2016 Consumer Expenditure Surveys, Bureau of Labor Statistics. Esri.

Data Note: N/A means not available.

2012-2016 ACS Estimate: The American Community Survey (ACS) replaces census sample data. Esri is releasing the 2012-2016 ACS estimates, five-year period data collected monthly from January 1, 2010 through December 31, 2014. Although the ACS includes many of the subjects previously covered by the decennial census sample, there are significant differences between the two surveys including fundamental differences in survey design and residency rules.

Margin of error (MOE): The MOE is a measure of the variability of the estimate due to sampling error. MOEs enable the data user to measure the range of uncertainty for each estimate with 90 percent confidence. The range of uncertainty is called the confidence interval, and it is calculated by taking the estimate +/- the MOE. For example, if the ACS reports an estimate of 100 with an MOE of +/- 20, then you can be 90 percent certain the value for the whole population falls between 80 and 120.

Reliability: These symbols represent threshold values that Esri has established from the Coefficients of Variation (CV) to designate the usability of the estimates. The CV measures the amount of sampling error relative to the size of the estimate, expressed as a percentage.

- High Reliability: Small CVs (less than or equal to 12 percent) are flagged green to indicate that the sampling error is small relative to the estimate and the estimate is reasonably reliable.
- Medium Reliability: Estimates with CVs between 12 and 40 are flagged yellow-use with caution.
- Low Reliability: Large CVs (over 40 percent) are flagged red to indicate that the sampling error is large relative to the estimate. The estimate is considered very unreliable.

MANATEE COUNTY FLORIDA

December 10, 2019

Mr. Ken Lawson, Executive Director
Florida Department of Economic Opportunity
800 N. Magnolia Ave., Suite 100
Orlando, FL 32803

Regarding: Support for the State College of Florida, Manatee-Sarasota Application for the Florida Department of Economic Opportunity Florida Job Growth Grant Fund, Public Infrastructure Grant – Parrish Campus

Dear Mr. Lawson:

On December 10, 2019, the Manatee County Board of County Commissioners voted to support the State College of Florida, Manatee-Sarasota in their application for a Florida Department of Economic Opportunity Florida Job Growth Infrastructure Grant for the master planning and infrastructure development of the future College campus property located at 11680 Erie Road in Parrish, Manatee County, Florida.

The development of this location as a state college campus is consistent with the County's Comprehensive Plan and is in an area of significant growth near the Ft. Hamer Road extension and across the street from the new Parrish Community High School. While Manatee County has reached over 400,000 in population, the Parrish community currently has a population of more than 25,000 persons. The County has approved an additional 25,000 residential dwelling units and 5.6 million square feet of non-residential land uses in the area and will double in population in the next 10 years. The area is also set to receive significant infrastructure improvements to include additional roads, parks, a greenway trail, and public safety services.

The Commissioners understand the value of this project to the citizens of Manatee County and support the College's efforts to plan and build the infrastructure necessary to begin the school.

Sincerely,

BOARD OF COUNTY COMMISSIONERS
MANATEE COUNTY, FLORIDA

Stephen R. Jonsson
Chairman

Board of County Commissioners
1112 Manatee Avenue West, Bradenton, FL 34205

Lift Station to serve all phases of the proposed development	
Proposed Waterway Crossings	
6' x 6' Box culvert crossing for vehicular traffic	\$350,000.00
2 Pedestrian bridges	\$150,000.00
Environmental Clearing and Enhancements	\$100,000.00
Existing Waterway Trail System Enhancement	\$250,000.00
Construction of 10' wide multi-use recreational trail with enhanced landscaping along existing waterways	
Total =	\$3,100,000.00

4. Approvals and Authority

A. If the governmental entity is awarded grant funds based on this proposal, what approvals must be obtained before it can execute a grant agreement with the Florida Department of Economic Opportunity (e.g., approval of a board, commission or council)?

This project will require approval by the State College of Florida, Manatee-Sarasota Board of Trustees.

B. If approval of a board, commission, council or other group is needed prior to execution of an agreement between the governmental entity and the Florida Department of Equal Opportunity:

- i. Provide the schedule of upcoming meetings for the group for a period of at least six months.
- ii. State whether entity is willing and able to hold special meetings, and if so, upon how many days' notice.

The State College of Florida Board of trustees may hold special meetings. Usually, 12 days notice is required to schedule a special meeting.

C. Attach evidence that the undersigned has all necessary authority to execute this proposal on behalf of the governmental entity. This evidence may take a variety of forms, including but not limited to: a delegation of authority, citation to relevant laws or codes, policy documents, etc.

K-20 EDUCATION CODE

[Chapter 1001](#)
K-20 GOVERNANCE

[View Entire Chapter](#)

1001.65 Florida College System institution presidents; powers and duties.—The president is the chief executive officer of the Florida College System institution, shall be corporate secretary of the Florida College System institution board of trustees, and is responsible for the operation and administration of the Florida College System institution. Each Florida College System institution president shall:

- (1) Recommend the adoption of rules, as appropriate, to the Florida College System institution board of trustees to implement provisions of law governing the operation and administration of the Florida College System institution, which shall include the specific powers and duties enumerated in this section. Such rules shall be consistent with law, the mission of the Florida College System institution, and the rules and policies of the State Board of Education.
- (2) Prepare a budget request and an operating budget pursuant to s. [1011.30](#) for approval by the Florida College System institution board of trustees at such time and in such format as the State Board of Education may prescribe.
- (3) Establish and implement policies and procedures to recruit, appoint, transfer, promote, compensate, evaluate, reward, demote, discipline, and remove personnel, within law and rules of the State Board of Education and in accordance with rules or policies approved by the Florida College System institution board of trustees.
- (4) Govern admissions, subject to law and rules or policies of the Florida College System institution board of trustees and the State Board of Education.
- (5) Approve, execute, and administer contracts for and on behalf of the Florida College System institution board of trustees for licenses; the acquisition or provision of commodities, goods, equipment, and services; leases of real and personal property; and planning and construction to be rendered to or by the Florida College System institution, provided such contracts are within law and guidelines of the State Board of Education and in conformance with policies of the Florida College System institution board of trustees, and are for the implementation of approved programs of the Florida College System institution.
- (6) Act for the Florida College System institution board of trustees as custodian of all Florida College System institution property and financial resources. The authority vested in the Florida College System institution president under this subsection includes the authority to prioritize the use of Florida College System institution space, property, equipment, and resources and the authority to impose charges for the use of those items.
- (7) Establish the internal academic calendar of the Florida College System institution within general guidelines of the State Board of Education.
- (8) Administer the Florida College System institution's program of intercollegiate athletics.
- (9) Recommend to the board of trustees the establishment and termination of programs within the approved role and scope of the Florida College System institution.
- (10) Award degrees.
- (11) Recommend to the board of trustees a schedule of tuition and fees to be charged by the Florida College System institution, within law and rules of the State Board of Education.
- (12) Organize the Florida College System institution to efficiently and effectively achieve the goals of the Florida College System institution.

- (13) Review periodically the operations of the Florida College System institution in order to determine how effectively and efficiently the Florida College System institution is being administered and whether it is meeting the goals of its strategic plan adopted by the State Board of Education.
- (14) Enter into agreements for student exchange programs that involve students at the Florida College System institution and students in other institutions of higher learning.
- (15) Approve the internal procedures of student government organizations and provide purchasing, contracting, and budgetary review processes for these organizations.
- (16) Ensure compliance with federal and state laws, rules, regulations, and other requirements that are applicable to the Florida College System institution.
- (17) Maintain all data and information pertaining to the operation of the Florida College System institution, and report on the attainment by the Florida College System institution of institutional and statewide performance accountability goals.
- (18) Certify to the department a project's compliance with the requirements for expenditure of PECO funds prior to release of funds pursuant to the provisions of chapter 1013.
- (19) Provide to the law enforcement agency and fire department that has jurisdiction over the Florida College System institution a copy of the floor plans and other relevant documents for each educational facility as defined in s. [1013.01\(6\)](#). After the initial submission of the floor plans and other relevant documents, the Florida College System institution president shall submit, by October 1 of each year, revised floor plans and other relevant documents for each educational facility that was modified during the preceding year.
- (20) Develop and implement jointly with school superintendents a comprehensive dual enrollment articulation agreement for the students enrolled in their respective school districts and service areas pursuant to s. [1007.271\(21\)](#).
- (21) Have authority, after notice to the student of the charges and after a hearing thereon, to expel, suspend, or otherwise discipline any student who is found to have violated any law, ordinance, or rule or regulation of the State Board of Education or of the board of trustees of the Florida College System institution pursuant to the provisions of s. [1006.62](#).
- (22) Submit an annual employment accountability plan to the Department of Education pursuant to the provisions of s. [1012.86](#).
- (23) Annually evaluate, or have a designee annually evaluate, each department chairperson, dean, provost, and vice president in achieving the annual and long-term goals and objectives of the Florida College System institution's employment accountability plan.
- (24) Have vested with the president or the president's designee the authority that is vested with the Florida College System institution.

History.—s. 81, ch. 2002-387; s. 22, ch. 2011-5; s. 3, ch. 2012-191; s. 91, ch. 2016-10.

RULE

Subject	Development of Rules, Procedures and Standard Operating Instructions	Number: 6HX14-1.05
Authority	F.S. 1001.64, 1001.65	Date: 02/18/04
History	1/18/84, 12/15/99	
Source	President	

The Board of Trustees is the legal governing body for the operation of the College and as such shall concern itself primarily with broad questions of policy rather than with administrative details. Rules adopted by the Board provide the basic direction for the operation of the institution and as such shall be carefully observed by all personnel. The application of rules is an administrative task to be performed by the President and his/her staff, who shall be held responsible for the effective administration and supervision of the College.

The Board shall delegate to the President the function of taking required actions and designing the detailed arrangements under which the College will be operated.

Such written and detailed arrangements shall constitute the procedures and standard operating instructions governing the College. The administrative procedures must be in every respect consistent with the rules adopted by the Board. The administrative procedures and standard operating instructions shall be designed to implement and support rules adopted by the Board.

In the absence of applicable rules, the President is authorized to establish necessary procedures, subject to confirmation and policy as required.

The College will inform the community and all College personnel of any new rules and changes or deletions to existing rules. Policy changes mandated by State Board of Education Rules shall be placed in the Rules Manual and personnel will be notified through normal channels. All other new rules and changes or deletions to existing rules will be handled according to statute and rule provisions.

RULE

Subject	Responsibility and Authority of the President	Number: 6HX14-1.07
Authority	F.S. 1001.64, 1001.65	Date: 10/30/2018
History	1/18/84, 12/15/99, 2/18/04, 9/17/08, 10/23/13	
Source	President	

The Board of Trustees delegates to the President administrative authority over the College and holds the President responsible for the efficient and lawful direction and operation of the College under the rules adopted by the Board of Trustees.

The President is authorized to sign, on behalf of the Board, all agreements, contracts and other documents reflecting action previously approved or authorized by the Board.

The President may delegate authority to the staff to perform administrative functions necessary to the efficient operation of the College. The responsibility for the performance of these functions shall remain with the President.

If the President is unable to perform his/her duties, in descending order, the Executive Vice President, and Provost, Vice President, Student Services and Enrollment Management, Vice President, Finance and Administrative Services, or the Vice President, Planning, Institutional Effectiveness and Research will assume the President's duties.
