This award is made available under the Consolidated Appropriations Act, 2021, Public Law 116-260. ACF has restricted award drawdowns to permit access up to the 15% administrative cost portion of the award in the Payment Management System (PMS). Drawdown restrictions will remain in effect until ACF has received and approves all required federal documentation. By acceptance of this award, the grantee agrees to comply with the requirements included in both the General and Supplemental Terms and Conditions for this program.

PROGRAM-SPECIFIC TERMS AND CONDITIONS:

CONSOLIDATION OF GRANT FUNDS (by Territories, if applicable):

This program is not eligible for consolidation under Title XX of the Social Security Act.

REPORTING:

Effective for FFY 2021 all grant recipients are required to submit their FFR SF-425 reports in the Payment Management System (PMS). Grantees may use this link to update their PMS access, if necessary:

<https://pms.psc.gov/grant-recipients/access-changes.html>; and this link to request new user access: <https://pms.psc.gov/grant-recipients/access-newuser.html>.

The obligation period for this award is from the date of the award through the end of FFY 2023 (September 30, 2023). Obligations for allowable costs must occur during the authorized project period. All obligated federal funds awarded under this grant must be liquidated no later than 3 months after the end of the project period (i.e., December 31, 2023). Therefore, all funds obligated by the Project Period End Date must be drawn down from the PMS on or before December 30, 2023. Any funds from this award not liquidated by this date will be recouped by this Department.

RESTRICTIONS OF THESE FUNDS:

The grantees may use up to 15 percent of grant funds for planning and administering the funds under this award. The grantee will pay from non-federal sources the remaining costs of planning and administering the program under this award and will not use federal funds for such remaining cost. Administrative costs of the owners or operators of public water systems or treatment works that may be charged to this award, if any, are subject to this limitation and must be included together with the grantee's costs of planning and administration when calculating compliance.

The grantee will ensure that fiscal control and fund accounting procedures will be established as may be necessary to assure the proper disbursement and accounting of federal funds paid to the state under this award, including procedures for monitoring the assistance provided under this award, and provide that the grantee will comply with the provisions of chapter 75 of title 31, United States Code (commonly known as the "Single Audit Act").

The grantee may expend funds for immediate expenses necessary for planning and administering the use of funds upon receipt of the award. However, prior to the expenditure of grant funds for any payments to owners or operators of public water systems or treatment works on behalf of low-income households, the grantee must submit an implementation plan for OCS review and acceptance in a format provided by OCS that will (1) include the eligibility requirements to be used by the state for each type of assistance to be provided under this grant, (2) describe the benefit levels to be used by the state, territory, or tribe for LIHWAP assistance, (3) describe any steps that will be taken to target assistance to households with high home water burdens, and (4) provide a plan of administration including a plan of oversight and monitoring of any subrecipient organizations comparable to the processes and procedures for comparable grant programs. Not later than May 30, 2021, OCS will make available a Model State and Tribal Implementation Plan format to be used in developing and submitting the implementation plan for review.

POST-AWARD CHANGES:

Post-award changes must be communicated to ACF immediately. Administrative changes include changes in key staff, e.g. Authorizing Official, Principle Investigator/Project Director; Address, EIN and/or DUNS numbers.
