1996 OFFICIAL LIST OF SPECIAL DISTRICTS

FLORIDA DEPARTMENT OF COMMUNITY AFFAIRS

James F. Murley, Secretary
2555 Shumard Oak Boulevard
Tallahassee, Florida 32399-2100
A Message from the Secretary:

The Department of Community Affairs (DCA) is proud to present the 1996 Official List of Special Districts.

For more than 150 years, since the first road district was created in the Florida Territories in 1822, special districts have been useful funding mechanisms for local government services. By shifting costs from all taxpayers to property owners in a specific area, special districts directly tie costs to those who benefit.

Today, special districts have an active role in shaping the future of Florida by providing a broad spectrum of essential services to Floridians such as aviation, community development, water management, libraries, roads, bridges, mosquito control, and health care. There are 982 active, special districts reported in the 1996 Official List of Special Districts—482 independent and 500 dependent.

According to the latest Local Government Financial Reporting System figures, in FY 94/95, independent districts reported over $4.4 billion in revenues. Because of this substantial impact on the lives of Floridians and on the state’s economy, DCA is committed to ensuring uniform accountability of special districts. Within DCA, the Special District Information Program (SDIP) works in close partnership with other state agencies and local governments to ensure special district compliance with Chapter 189, Florida Statutes, and the more than 30 statutes governing special districts.

The Florida Legislature has recognized the importance of special districts in delivering local government services. In 1996—for the first time since the Uniform Special District Accountability Act was created in 1989—major revisions were made to Chapter 189, Florida Statutes. The new law eliminates duplicate reporting and collection of unused information. In addition, the law strengthens SDIP’s ability to enforce compliance with special district law.

We hope that the 1996 Official List of Special Districts will be useful to you. Please contact the SDIP at (904) 922-5431, SUNCOM 292-5431, concerning special district issues.

Sincerely,

James F. Murley
Secretary

**SPECIAL DISTRICT INFORMATION PROGRAM—DUTIES**

Chapter 189, *Florida Statutes*, establishes uniform standards for special district creation, definition, financial reporting compliance, taxation/assessments, elections, and comprehensive planning. The Act authorizes the Special District Information Program (SDIP) in the Department of Community Affairs to administer the provisions of Chapter 189, *Florida Statutes*.

The SDIP is the State’s clearinghouse for compliance of statutorily required reports to ensure special district accountability. The program clarifies special district definition and status and coordinates this information with legislative offices, state agencies, and local governments. In addition, the SDIP is required to publish an annual *Official List of Special Districts*, update the *Special District Handbook* per new legislation, and produce a biennial conference. The Fifth Annual Special District Conference is scheduled for June 1998.

The SDIP is required to provide technical assistance concerning special districts. In FY 96/97, the SDIP will provide approximately 12,000 instances of technical assistance. The SDIP is funded 100% by special district fees ($175 per district, annually). These fees fund two positions and pay for SDIP mailing, printing, database, and administrative overhead. The total budget for the SDIP for FY 96/97 is approximately $141,000.

**OFFICIAL LIST—NEW LEGISLATION, DISTRIBUTION, & INVOICING**

The 1996 *Official List of Special Districts* provides current information about special districts in a concise form to local governments, independent special districts, legislative staff, state agencies, the general public, and attorneys, accountants, and other special district professionals.

New legislation (Chapter 96-324, *Laws of Florida*) amended section 189.4035 *Florida Statutes*, dealing with distribution of the *Official List*. Effective October 1, 1996, the SDIP is required to distribute the list only to the President of the Senate, Speaker of the House, Auditor General, Department of Revenue, Department of Banking & Finance, Department of Management Services, State Board of Administration, municipalities, counties (commissions, property appraisers, tax collectors, and supervisors of elections), and interested parties upon request.

Upon request, one copy of the *Official List* will be available to independent special districts free-of-charge. Copies of the list are available to dependent special districts through the copies distributed to the local governing authorities listed above. The *Official List* will be available to all other interested parties upon payment of a fee to cover printing, handling, and mailing costs. Please contact the SDIP for ordering information.
NEW FEATURES

In response to user requests, this year’s Official List of Special Districts contains the following new features.

Important changes to special district law or policy are indicated in the margin by the symbol “* IMPORTANT CHANGE.”

District Totals for the Official List and other SDIP publications now contain only active (dependent and independent) districts. Districts dissolved per section 189.4043, Florida Statutes, or declared inactive per section 189.4044, Florida Statutes, will be totaled separately.

Special District Information Sources with contact people and numbers are included on page xii.

District & Status Index is located at the end of the book, listing in alphabetical order each special district in Florida, its status (independent or dependent) and the county in which it is located.

Multicounty Appendix lists multicounty districts in addition to their listing under each county in which they are located.

Dissolved Districts Appendix provides a list of all districts that have been dissolved pursuant to section 189.4044, Florida Statutes. The counties in which the district were located are also included.

The designation, “Inactive Districts,” is no longer used in the Official List of Special Districts. Only districts declared inactive per section 189.4044, Florida Statutes, will be included in the Official List.

In the past, the SDIP accepted the casual use of “inactive” status from special districts and local governments. However, since there is no such designation in Chapter 189, Florida Statutes, and since the SDIP has no statutory authority to make such a designation, all districts designated in the 1995 Official List as “inactive” are now listed with their correct and current dependent/independent statuses in the 1996 Official List of Special Districts.

Note: To date there are no districts declared statutorily inactive.

Guide to Dissolution of Special Districts is provided on page vi. Reasons for dissolution of districts can include, but are not limited to, districts considered “inactive” due to lack of operation, funding, or boards.

STRUCTURE OF DISTRICT ENTRIES

Information for each special district is maintained on the SDIP database. The database also tracks district reporting and fee compliance that are not published.
in the *Official List*. The *Official List* provides 14 **DATA CATEGORIES**.

STATUTORY DISTRICT DEFINITIONS

Special District
A unit of local special-purpose, as opposed to general-purpose, government with a limited boundary, and created by general law, special act, local ordinance, or by rule of the Governor and Cabinet.

Excluded are school districts, community colleges, municipal service taxing or benefit units (per section 125.01, Florida Statutes), Seminole and Miccosukee Tribe special improvement districts (per section 285.17, Florida Statutes), and boards providing electrical service that are political subdivisions of a municipality or part of a municipality. (Section 189.403(1), Florida Statutes)

Dependent Special Districts
Must meet one of the following criteria:

(a) The membership of its governing body is identical to that of the governing body of a single county or a single municipality.

(b) All members of its governing body are appointed by the governing body of a single county or a single municipality.

(c) During unexpired terms, all members of the special district’s governing body are subject to removal by the governing body of a single county or a single municipality.

(d) The district budget requires approval through an affirmative vote or can be vetoed by the governing body of a single county or a single municipality.

Independent Special Districts
Must meet one of the following criteria:

(a) Does not meet any of the criteria for a dependent district.

(b) Includes more than one county (unless it is wholly within one municipality).

(c) Is a community development district per Chapter 190, Florida Statutes.

Inactive Special Districts
Special districts declared inactive per section 189.4044, Florida Statutes.
NOTE: Methods of dissolving districts that are “inactive” due to lack of operation, funding, or boards are provided on page vi.

Dissolved Special Districts
Districts dissolved per section 189.4043, Florida Statutes.
NOTE: Methods of dissolving districts that are “inactive” due to lack of operation, funding, or boards are provided on page vi.

GUIDE TO DISSOLUTION OF SPECIAL DISTRICTS

Although districts are no longer listed as “inactive” on the Official List of Special Districts, some districts may be considered by local governing authorities or boards as “inactive” due to lack of active funding, operations, and/or boards.

However, such districts are still considered active by Chapter 189, Florida Statutes, and are required to pay the annual fee of $175 and to comply with the reporting requirements of Chapter 189, Florida Statutes, and other applicable statutes. Further “inactive” districts can be found liable in legal actions. So that boards and local governing authorities of “inactive” districts will not be held in noncompliance with Florida law or liable for litigation, it is recommended that currently “inactive” districts with no foreseeable activities consider dissolution. The SDIP can assist you with dissolution procedures.

Methods of Dissolution

There are four ways to dissolve a special district:

1. The Legislature may dissolve districts by special act through a legislative bill. For assistance, contact your local legislative delegation or the House Committee on Community Affairs, (904) 488-1791. (section 189.4043(1)(a), Florida Statutes)

2. A district created by local ordinance or resolution can be dissolved by local ordinance or resolution. (section 189.4043(1)(b), Florida Statutes)

3. A district may dissolve itself by resolution and file within 30 days of dissolution with the SDIP and any city or county in which it is located. (section 189.4043(1)(b), Florida Statutes). Important: Districts created by special act and “dissolved” by resolution, still require dissolution by special act.

4. If a district has not operated for two years or has been without a board for four years, the DCA may declare it inactive and file a dissolution declaration with the Secretary of State. (section 189.4044(3), Florida Statutes).

Note: Districts with outstanding bonds can not be dissolved. Water management districts and some community development districts have dissolution procedures different from those listed here.

Assumption of Debt

In the case of voluntary dissolution by a special district, responsibility must be assumed by the local governing authority, unless otherwise provided for in the dissolution plan. (Section 189.4045(2), Florida Statutes). If a district is declared inactive by the Secretary of State and owes any debt at the time of the proclamation, its assets are subject to process for payment of the debt. Remaining assets become property of the local governing authority. If its assets are insufficient, the local governing authority may assess taxes on property in the district to pay the debt. (Section 189.4044(3), Florida Statutes).
1996 UPDATE

1996 UPDATES TO THE OFFICIAL LIST

This section reports the changes made since October 1, 1995. Registered agent changes have been corrected in the SDIP database, but are not listed here.

## 1996 District Status Changes

**NOTE:**
1. Districts with former status "inactive" reflect correction to statutory definition.
2. Multicounty districts that were on the Official List as dependent are now designated independent, since by statute all multicounty districts are independent.
