THE 1997
OFFICIAL LIST
OF SPECIAL DISTRICTS

James F. Murley, Secretary
2555 Shumard Oak Boulevard
Tallahassee, Florida 32399-2100

OCTOBER 1, 1997
A Message from Secretary Murley:

The Florida Department of Community Affairs, Special District Information Program, is pleased to present The 1997 Official List of Special Districts to you.

Special districts are an important part of Florida. They generate billions of dollars in revenues each year to provide essential services to Floridians. Furthermore, special districts focus costs on those benefiting from the service. The Special District Information Program works closely with various state agencies and local governments to improve special district communication, coordination, and accountability. The Department of Community Affairs regards the Special District Information Program as a catalyst to governmental efficiency. We are pleased to administer the program.

I hope that The 1997 Official List of Special Districts will be useful to you. If you have any questions or comments, please do not hesitate to contact the Special District Information Program at (850) 922-5431 or SUNCOM 292-5431.

Sincerely,

James F. Murley
Secretary

INTRODUCTION

In 1989, the Florida Legislature adopted Chapter 189, Florida Statutes (F.S.). This act, formally known as the Uniform Special District Accountability Act of 1989, as amended, establishes general provisions concerning all special districts. These provisions address the creation, operation, financial reporting, taxation/assessments, elections, definitions, compliance with general law provisions, (e.g., Government-in-the-Sunshine), and comprehensive planning of special districts. In addition, this act charged the Florida Department of Community Affairs (DCA), Special District Information Program (SDIP), with the annual responsibility of producing The Official List of Special Districts.

The Official List of Special Districts is a master list of independent and dependent special districts sorted by county. In addition, it summarizes information about the SDIP, the annual special district fee, the information collection process, fiscal year updates, and special district information sources. Five appendices include the status of all special districts, special districts dissolved since 1989, fiscal year updates, multicounty special districts, and special districts sorted by function. Local general purpose governments, special districts, legislative staff, state agencies, attorneys, accountants, the public, and other special district professionals use this list for various reasons.

Special District Characteristics

- Special districts are units of local special-purpose government
- Special districts have limited boundaries
- Special districts are created by general law, special act, local ordinance, or by rule of the Governor and Cabinet

Entities that are not special districts (s. 189.403(1), F.S.)

- General-Purpose Governments (Cities and Counties)
- School Districts
- Community Colleges
- Municipal Service Taxing or Benefit Units
- Seminole and Miccosukee Tribe Special Improvement Districts
- Boards providing electrical services that are political subdivisions of a municipality or part of a municipality
Special Districts may be dependent or independent. Dependent special districts have at least one of the following characteristics:

Dependent Special Districts (s. 189.403(2), F.S.):

- Its governing body members are identical to the governing body of a single county or a single municipality.
- Its governing body members are appointed by the governing body of a single county or a single municipality.
- During unexpired terms, its governing body members are subject to removal by the governing body of a single county or a single municipality.
- Its budget requires approval through an affirmative vote by the governing body of a single county or a single municipality.
- Its budget can be vetoed by the governing body of a single county or a single municipality.

A special district that is not dependent as described above is an independent special district. All districts whose boundaries cover more than one county and which exceed the boundaries of a single municipality are also statutorily defined as independent special districts. Independent special districts have the following characteristics:

Independent Special Districts (s. 189.403(3), F.S.)

- It was created by general law authorization or by special act.
- It operates as an independent political subdivision within defined district boundaries.
- It constructs and maintains basic public infrastructure or provides public services such as drainage, lighting, fire protection, etc. Many have revenue raising authority such as ad valorem taxation, or non-ad valorem assessments, fees or charges on benefitted property.

Appendix A provides an alphabetized list of all special districts and their independent or dependent status.
THE SPECIAL DISTRICT INFORMATION PROGRAM

Services

With the passage of Chapter 189, the legislature created the SDIP, a state clearinghouse within DCA, to administer the act. The SDIP helps to ensure special district accountability by coordinating special district information gathering and dissemination among special districts, attorneys, legislative offices, state agencies, local governments, and the public.

Two full-time employees, an Operations and Management Consultant II and an Administrative Assistant II, work in the SDIP. In addition, an Attorney is assigned to the program to help with legal issues. In summary, the SDIP provides the following administrative support services:

SDIP Administrative Support Services

- Collect and maintain special district compliance status reports from various state agencies. Provide enforcement assistance to state agencies and local governments requesting assistance, in collecting delinquent reports. Fines are authorized to promote compliance.
- Declare special districts to be inactive when appropriate.
- Determine the status (dependent or independent) of special districts.
- Coordinate special district information between state and local agencies.
- Publish and update the “Florida Special District Handbook” as necessary.
- Conduct special district studies.
- Provide technical assistance.
- Maintain information about each special district in a computer data base. From this data base, annually distribute a master list of independent and dependent special districts (The Official List of Special Districts).
- Act as a clearing house for special district information.
Annual Fee

During Fiscal Year (FY) 1996/97, the cost of administering the SDIP (e.g., salaries, administrative overhead, printing, postage, the computer database, etc.) was $137,786. To pay for these costs, Chapter 189, F.S. allows DCA to charge each special district an annual fee. Currently, this fee is $175.00 per special district per year. New special districts must pay a prorated fee, for its first year of operation, within 30 days of its creation date as follows:

<table>
<thead>
<tr>
<th>Creation Period</th>
<th>First Year Fee</th>
</tr>
</thead>
<tbody>
<tr>
<td>July 1 through September 30</td>
<td>$150.00</td>
</tr>
<tr>
<td>October 1 through December 31</td>
<td>$125.00</td>
</tr>
<tr>
<td>January 1 through March 31</td>
<td>$100.00</td>
</tr>
<tr>
<td>April 1 through June 30</td>
<td>$75.00</td>
</tr>
</tbody>
</table>

Very Important Information about the Annual Special District Fee

Rule Chapter 9B-50.003, Florida Administrative Code, provides for the following:

- Special districts, which are not component units of a general purpose local government and which report less than $1,500 in revenues to the Department of Banking and Finance on their Annual Financial Report, may petition to have their annual fee reduced to $50.00.

- Special districts with no revenues may petition to have their fee waived.

- DCA will impose fines up to $50.00 per special district per year for failure to pay the annual fee within the prescribed time.

Section 189.427 F.S., permits the following:

- DCA will take steps to dissolve special districts that fail to pay the annual fee for two consecutive years. Out of 986 special districts, 73 special districts failed to comply with the annual fee requirements during FY 1996/97.
THE OFFICIAL LIST OF SPECIAL DISTRICTS - A BACKGROUND

Information Collection

SDIP staff uses a computer database to maintain information about each special district to create The Official List of Special Districts.

Information collection methods

- Chapter 189, F.S., requires special districts to provide documentation to the SDIP concerning their creation, dissolution, merger, amendments, and name of registered agent.
- SDIP staff works closely with various state agencies, such as the Department of Banking and Finance and the Office of the Auditor General to identify possible new special districts.
- Annually, the SDIP sends a Registered Agent/Office Update Form to the registered agent of each special district. This form instructs the registered agent to review the information about the special district, make corrections, and return the form to the SDIP.

Information Accuracy

As of June 30, 1997, 986 special districts were registered with the SDIP. SDIP staff takes many precautions to ensure that the information provided in The Official List of Special Districts is as accurate as possible. Recent upgrades to the SDIP computer database have helped identify inconsistencies. However, the return rate of the latest Registered Agent/Office Update Form is 64%. Please consider this when reviewing the information in this publication.

Distribution

Upon request, the SDIP will provide one copy of The Official List of Special Districts at no charge to special districts complying with the annual fee requirements. In addition, the SDIP will provide a copy to interested parties upon request and payment of a fee to cover printing and mailing costs. Chapter 189, F.S. requires the SDIP to distribute annually one copy of The Official List of Special Districts by October 1 to various governmental levels. These are as follows:
The Official List of Special Districts Distribution List:

- The President of the Senate
- The Speaker of the House of Representatives
- The Auditor General
- The Department of Revenue
- The Department of Banking and Finance
- The Department of Management Services
- The State Board of Administration
- All County Governments
- All Municipalities (local governments)
- All County Property Appraisers
- All Tax Collectors
- All Supervisors of Elections

FISCAL YEAR 1996/97 UPDATES

Between July 1, 1996 and June 30, 1997 (FY 1996/97) six districts changed their name, 14 districts were created, and six districts were dissolved. Appendix B provides a detail of this activity. Appendix C contains a list of all dissolutions to date. Below, Table 1 summarizes the number of special districts by type over the years. The total column does not include the dissolved special districts. On the following page, Table 2 summarizes the number of single-county, multicounty, independent, and dependent special districts by county as of June 30, 1997.

TOTAL SINGLE-COUNTY SPECIAL DISTRICTS: 928
TOTAL DEPENDENT SPECIAL DISTRICTS: 501
TOTAL MULTICOUNTY SPECIAL DISTRICTS: 58
TOTAL SPECIAL DISTRICTS IN FLORIDA: 986

S.C. = Single-County; M.C. = Multi-County; I = Independent; D = Dependent

Note: Because the multicounty special districts are counted for each county covered by the special districts jurisdiction, adding the columns will not provide accurate state totals. Appendix D contains a list of all multicounty special districts.
AN EXPLANATION OF THE DATA CATEGORIES

The Official List of Special Districts presents 14 data categories. The following is an explanation of each of those data categories:

**Special District Name** is the legal name of the special district. The SDIP does not make changes to the special district's name unless the special district provides supporting documentation to the SDIP.

**Registered Agent's Name** is the person that the special district designates to accept due process for the special district.

**Registered Office Address** is the mailing address where the special district receives its mail.

**Telephone Number** is the telephone number for the special district's registered agent.

**Creation Date** is the date that the special district was legally created.

**Status** refers to the dependent or independent status of the special district pursuant to Section 189.403, F.S. The SDIP does not make changes to the special district's status unless the special district provides supporting documentation to the SDIP.

**Authorizing Documents** refers to the special district's creation documents (Ordinance, Resolution, Statute, Special Act, Court Decree or Interlocal Agreement).

**Statutory Authority** refers to the statute governing the creation of the special district. Different kinds of legislative authority may exist for similar special districts. For example, community development districts that predate 1980 may exist under the authority of local of special legislation. "Table 3: Statutory Authority" on the following page provides the statutory authority for various special districts.

**Local Governing Authority** is the name of the local government(s) (municipal or county) in which the special district operates. The local governing authority receives certain reports and information from both dependent and independent special districts.

**Functions** refer to the role of the special district. Appendix E contains a special districts function index. "Table 3: Statutory Authority" on the following page lists the special district functions.

</tbody>
</table>
Board Selection refers to the way a special district's board is selected as follows:

**Gov. Appoints:** The Governor appointed the board.

**LGA Appoints:** The local general purpose governing authority appointed the board.

**Same as LGA:** The board is the same as the local general purpose governing authority's board.

**Similar to LGA:** The board is similar to the local general purpose governing authority's board. It may or may not include all the members of the local general purpose governing authority's board.

**Appointed:** The board is appointed by an entity other than a single local governing authority or the Governor.

**Elected:** The board is elected by the electors in the special district.

**Appt./Elected:** The board has both appointed and elected members.

**Other:** None of the above.

**Authority to Issue Bonds:** If "Yes" is shown, the special district has the authority to issue bonds. If "No" is shown, the special district does not have the authority to issue bonds.

**Revenue Source:** This refers to the special district's actual revenue source(s) as follows:

**Ad Valorem:** Ad valorem taxes.

**Assessments:** Non ad valorem or special assessments.

**Fees:** Fees based on the services the special district provides.

**TIF:** Tax Increment Financing (Ch. 163, Part III, F.S.).

**Other:** None of the above.
