Employ Florida

January 2019

Employ Florida is a powerful online tool specifically designed to help connect employers and job seekers. Employ Florida serves as a state job board and case management system for Florida's workforce system. Customers can access services virtually anywhere using Employ Florida which provides a complete set of employment tools all in one website.

Employers are able to use Employ Florida to:

- Define skills and post job orders to find potential candidates
- Research labor market information and economic data, including salaries
- Set up a Virtual Recruiter search agent to automatically find candidates within the system that match the job skills of a job order
- Communicate with job seekers, workforce customer service representatives, training providers, and others within the system through an email message center.

Job seekers and students are able to use Employ Florida to:

- Use a professional format to create and send resumes and cover letters to employers
- Assess job skills, set goals, and research training providers
- Review available jobs and apply online
- Set up a Virtual Recruiter search agent to automatically review job postings and receive notices of jobs that match their skills
- Track job search efforts and resumes sent in a personal profile folder online
- Learn about services and benefits for which they may be eligible
- Determine a budget and plan for training
- Research regional labor market information, including salaries
- Use the email/message center to contact employers and workforce customer service representatives
