CONNECT Overview
I. OVERVIEW

The purpose of the CONNECT Overview is to provide employers with information about the basic functions of the CONNECT system. This guide will cover applications and features of CONNECT, users of CONNECT, how to access CONNECT, the benefits of using Connect, and how to navigate the CONNECT homepage.

What is CONNECT?
CONNECT is a claims management system that claimants use to apply for benefits. Claimants, employers and third parties can access information about filed claims and communicate with DEO Staff through CONNECT.

As an employer, how do I access CONNECT?
CONNECT is a Web based system, that anyone with internet access and user credentials can access. Employers can access CONNECT at FloridaJobs.org and selecting the “Employers” link at the top right side of the homescreen. Employers can also type or copy the following link into a browser address bar: https://connect.myflorida.com/Employer/Core/Login.ASPX.

You will access CONNECT using the login information that was sent to you in the mail from the department. If you don’t have the login information or if you are having trouble logging in, call the employer contact center at 1-833-FL-APPLY (1-833-352-7759) and select option 9. This will take you to the Florida Department of Economic Opportunity’s employer phone line. Please listen to the options, and select the correct option to assist you with your call.

What are the benefits of CONNECT?
CONNECT provides easy, online access to all claim-related information that Employers and other users can access anywhere, at any time. CONNECT makes it easier and faster to apply for benefits, resolve issues, and provide information. It provides better processes, systems, and service for claimants, employers, third parties, and DEO Staff and a stronger connection between Remployment Assistance and Workforce to expedite the RA process. Using CONNECT means:

- Less paperwork
- Less filing
- Faster response time
Who can use CONNECT?
CONNECT is a central system that is accessed by six types of users: claimants, employers, DEO staff, Third Party Representatives (TPRs), Third Party Administrators (TPAs) and Other State and Federal Agencies.

- **Claimants** – Claimants use CONNECT to apply for benefits, file an appeal, and view and send correspondence
- **Employers** – Employers use CONNECT to file appeals, protest benefit charges, and view and send correspondence
- **DEO Staff** – DEO Staff use CONNECT to evaluate information, authorize payments, adjudicate issues, and maintain data
- **Third Party Representatives (TPR)** – TPR use CONNECT to search and view information about claimants that have provided access to the TPR
- **Third Party Administrators (TPA)** – TPA perform reemployment assistance benefit activities on behalf of an employer, and the employers provide the TPA access to specific information

**Other State and Federal Agencies** – Other state and federal agencies have contracts that outline the specific information that they can access in CONNECT
