Federal Disaster Loans for Small Businesses

The U.S. Small Business Administration (SBA) is offering low-interest disaster loans to small non-farm businesses who suffered economic injury due to the Deepwater BP Oil Spill that began on April 20, 2010.

Loans are available for:

**Economic Injury:** for *small* businesses, small agricultural cooperatives and most private, non-profit organizations of all sizes suffering adverse financial impacts as a result of the disaster, up to \$2,000,000 for working capital to help pay obligations until normal operations resume.

SBA customer service representatives will be at the following locations to meet with each disaster victim. SBA will answer specific questions about how a disaster loan may help each victim recover from the disaster damage, and will provide one-on-one assistance in completing applications for these loans.
