	<p>To calculate the poverty guideline amount for family units with more than eight members, add \$3,400 for each additional person</p>	<p>For each additional person in a family above eight, add \$4,210 per person in the Metro areas.</p>	<p>For each additional person in a family above eight, add \$4,020 per person in the Non-Metro areas.</p>	<p>For each additional person in a family above eight, add \$6,010 per person in the Metro areas.</p>	<p>For each additional person in a family above eight, add \$5,750 per person in the Non-Metro areas.</p>

The RWBs which contain the following counties are required to use the Metro data: Escambia, Santa Rosa, Okaloosa, Bay, Gadsden, Leon, Clay, Duval, Nassau, St. Johns, Alachua, Marion, Flagler, Volusia, Lake, Orange, Osceola, Seminole, Brevard, Polk, Hernando, Hillsborough, Pasco, Pinellas, Manatee, Sarasota, Charlotte, Lee, Collier, Martin, St. Lucie, Palm Beach, Broward and Miami-Dade. The remaining RWBs may use either the Metro or Non-Metro. Where the poverty level for a particular family size is greater than the corresponding LLSIL figure, the Metro or Non-Metro figure is indicated in parentheses. The 100 percent table for the LLSIL may be modified to calculate any locally determined values for prioritizing service or eligibility (i.e. 200% of LLSIL would multiply the 100% value times 2 for the appropriate family size).
