SUBJECT: Lower Living Standard Income Level (LLSIL) Adjusted By Local RWB Areas for 2006

PURPOSE

The purpose for the following table of the Lower Living Standard Income Level (LLSIL) for 2006 is to provide basic income levels used in determining eligibility for participants in various state and federally funded programs. These local levels may be used to further meet any income level needs used in prioritizing limited availability of services by the Regional Workforce Boards (RWBs).

ACTION REQUIRED

These guidelines should be used in determining if an individual meets the definition of low income. Regional Workforce Boards are encouraged to provide this information to all associates and interested parties.
