## Incarcerated Veterans' Transition Program Goals

- Reduce Recidivism
- Reintegrate Incarcerated Veterans into Workforce
- Provide Healthcare/Benefits

## Incarcerated Veterans' Transition Program Objective

- Pilot provides direct services through a case management approach while networking with federal, state, and local resources as well as veteran support programs to reintegrate previously incarcerated veterans into the workforce.
- Assistance provided within 6 months of separation from incarceration.

## Challenges and Overcoming Obstacles

- Institutional Issues
  - Points of contact
  - Security clearances
  - Policy/procedure training
  - Program disruptions / security issues
  - Transfer of inmates / little or no notice
  - Limited medicine supply upon release

## Challenges and Overcoming Obstacles

- Service Providers
  - Servicing offenders different vs. transitioning military personnel
  - Ability to gain security clearance
  - Continuity of care / VA claim process
  - Facility location
  - Memorandum of Understanding (MOU) Process

## Best Practices and Strategies

- Establishment of Partnerships with DOL & VA
  - Access to correctional facilities
    - Relocation of offenders closer to service provider
    - Leverage of resources - substance abuse treatment, job training, etc.
    - Linkages bridge gaps to assist releasees to other states
    - Divert veterans to treatment programs vs. incarceration
