CDBG-CV Small Cities and Entitlement Programs: Notice of Funding Availability

The application cycle is now open for eligible units of local governments to apply for more than $92 million in funding through the Community Development Block Grant - CV (CDBG-CV) Small Cities and Entitlement programs.

Administered by the Florida Department of Economic Opportunity (DEO), CDBG-CV funds are federally-awarded by the United States Department of Housing and Urban Development (HUD) and designed to help local governments prepare for, prevent, or respond to the health and economic impacts of the pandemic. The activities must be critical to their locality and primarily for the benefit of low- and moderate-income residents. Local governments are encouraged to include activities that benefit workforce housing, training, and sustainability, as well as broadband infrastructure and planning. Nearly $42 million is available through the CDBG-CV Small Cities program and $51 million is available through the CDBG-CV Entitlement program.

See below eligibility criteria for the CDBG-CV Small Cities and Entitlement programs:

Eligible Applicants:

- Eligible CDBG-CV Small Cities Communities include municipalities and counties that participate in the Small Cities CDBG program. Communities may submit one application requesting a minimum of $200,000 and a maximum of $5 million in grant funding for one program or project through the competitive application cycle.
- Eligible CDBG-CV Entitlement Communities include municipalities and counties that participate in the HUD entitlement program. Entitlement communities are encouraged to coordinate with local governments and subrecipient agencies within their jurisdiction and may apply for funding up to the amount allocated to the local government through a funding formula.

Duplication of Benefits Requirements
DUPLICATION OF BENEFITS

A duplication of benefits occurs when:

1. An entity or person receives financial assistance from multiple sources intended for the same purpose; or
2. The amount of assistance provided exceeds the total identified need.

Each applicant must have procedures to prevent the duplication of benefits, meaning that the cost has not or will not be paid by another source when it provides financial assistance with CDBG-CV funds.

- Individuals, businesses, governments, and other entities are all subject to duplication of benefits requirements.
- The amount of the duplication is the amount of assistance provided in excess of need.
DUPLICATION OF BENEFITS

• For a list of other likely federal sources that might result in a duplication of benefits and guidance, see HUD’s [CDBG Coronavirus Response Grantee Resources Related to Preventing Duplication of Benefits](#).

• DEO will recapture all funds associated with a duplication of benefits.

• A copy of the applicant’s duplication of benefits procedures must accompany the CDBG-CV final application.
DUPLICATION OF BENEFITS

To analyze duplication of benefits a subgrantee should complete the following steps:

1. **Assess Need**: Determine the amount of need (total cost)

2. **Determine Assistance**: Determine the amount of assistance that has or will be provided from all sources to pay for the cost

3. **Calculate Unmet Need**: Determine the amount of assistance already provided compared to the need to determine the maximum CDBG-CV award (unmet need)

4. **Document Analysis**: Document calculation and maintain adequate documentation justifying determination of maximum award

Rental Assistance

A family that has suffered job loss due to the economic impact of the coronavirus seeks rental assistance under a CDBG-CV Emergency Payment program for 3 months of arrears payments and 2 months of current/future rent.

**Step 1: Assess Need**

Monthly Rent = $1,000

Potential Total Need: $1,000 * 5 months = $5,000

**Step 2: Determine Assistance**

In the application, the applicant was asked to report if they are receiving or expecting to receive any additional or similar assistance. The applicant reported that a local faith-based organization provided $250/month for the past three months, but that aid is no longer available. The family certified that it has not applied for assistance from any other source.
DUPLICATION OF BENEFITS EXAMPLE

Step 3: Calculate Unmet Need

Total Need = $5,000

Other Assistance = $750 ($250/ month for three months)

Actual Unmet Need (Maximum Award) = $4,250 ($5,000 - $750)

Step 4: Document the Analysis

Maintain documentation of calculation and justification to confirm amount of unmet need.
DUPLICATION OF BENEFITS EXAMPLE

Small Business Assistance

A small business requests a grant for working capital funds to retain employees that would otherwise be laid off due to the economic impact of the coronavirus. The small business requests three months of assistance.

Step 1: Assess Need

Capital funds needed via underwriting = $10,000

Potential Total Need: $10,000 * 3 months = $30,000

Step 2: Determine Assistance

In the application, the applicant was asked to report if it was receiving any additional or similar assistance or had made any claims on existing business insurance. The business reported that it previously received a PPP forgivable loan under the CARES Act to cover payroll, but that the assistance has run out. The business certified that it made a claim on its business interruption insurance but was declined because the insurer said the economic impacts of the coronavirus are outside the scope of the policy.
DUPLICATION OF BENEFITS EXAMPLE

Step 3: Calculate Unmet Need

Total Need = $30,000

Other Assistance = $0

Actual Unmet Need (Maximum Award) = $30,000

Step 4: Document the Analysis

Maintain documentation of calculation and justification to confirm amount of unmet need.
Citizen Participation Requirements
LOCAL GOVERNMENT REQUIREMENTS

Minimum requirements for citizen participation:

• The applicant must hold two public hearings to obtain citizens' comments prior to its final application submission to DEO.

• Both hearings must be advertised as described in the applicant’s Citizen Participation Plan.

• CDBG-CV public hearings may be held no less than five (5) days after the date of publication.
1. The first public hearing should be held at the beginning of the application process, prior to submission of the pre-application. The notice should provide enough information about the available funding and allowable activities to allow citizens to be able to provide input.

2. The second public hearing notice shall not be published any sooner than one day after the first public hearing has been held and must contain a description of the proposed activities to be carried out, including the amount of the funding request and total cost of the activities. The second public hearing must be conducted prior to submission of the final application.

3. Local governments that do not submit a pre-application for DEO review will be required to complete both public hearings prior to submission of the final application. Notices for the hearings must follow the guidance in number 1 and 2 above.
SECOND PUBLIC HEARING

• The second public hearing should include:
  • A specific budget broken-out by activity (admin/engineering, construction or public service, etc.).
  • The location of the proposed activity.
  • When a copy of the application will be available for review.
  • Where and how to submit comments.
VIRTUAL PUBLIC HEARINGS

The applicant may undertake a virtual public hearing (alone, or in concert with an in-person hearing) if the meeting allows questions in real time, with answers provided to all meeting participants.

- Utilizing conference calls, Google Hangouts, Zoom, Facebook Live, or other virtual platforms can help accommodate access to these meetings.
- A call-in option that does not require internet connection is strongly recommended.
- Localities should consult with their attorney before undertaking such meetings to ensure conformance with local requirements.
