Public Infrastructure Grant Eligibility

Pursuant to section 288.101, F.S., the Florida Job Growth Grant Fund was created to promote economic opportunity by improving public infrastructure and enhancing workforce training. Eligible entities that wish to access this grant fund must submit public infrastructure proposals that:

- Promote economic recovery in specific regions of the state, economic diversification or economic enhancement in a targeted industry. ([View Florida's Targeted Industries here.](#))
- Are not for the exclusive benefit of any single company, corporation or business entity.
- Are for infrastructure that is owned by the public and is for public use or predominately benefits the Public.

1. Program Requirements:

(If additional space is needed, attach a word document with your entire answer.)

Each proposal must include the following information describing how the project satisfies eligibility requirements listed on page 1.

A. Provide a detailed description of the public infrastructure improvements.

see attached

B. Provide location of public infrastructure, including physical address and county of project.

25381 Crawford Road
Callahan, FL 32011

C. Is this infrastructure currently owned by the public?

Yes

No

If no, is there a current option to purchase or right of way provided to the County?

D. Provide current property owner.

Florida Power and Light Company

E. Is this infrastructure for public use or does it predominately benefit the public?

Yes

No

F. Will the public infrastructure improvements be for the exclusive benefit of any single company, corporation, or business entity?

G. Provide a detailed description of, and quantitative evidence demonstrating, how the proposed public infrastructure project will promote:

- Economic recovery in specific regions of the state;
- Economic diversification; or
- Economic enhancement of a Targeted Industry ([View Florida's Targeted Industries here.](#))
 - Describe how the project will promote specific job growth. Include the number of jobs that will be retained or created, and in which industry(ies) the new net jobs will be created using the North American Industry Classification System ([NAICS](#)) codes. Where applicable, you may list specific businesses that will retain or create jobs or make capital investment.
 - Provide a detailed explanation of how the public infrastructure improvements will connect to a broader economic development vision for the community and benefit additional current or future businesses.

By establishing the first industrial user inside the Crawford Diamond Industrial Park, will not only activate rail into the Industrial Park, this will provide public water to the adjacent job creating lands that are currently unserved by public water, improve operational aspects of the roadways serving the Crawford Diamond Industrial Park and adjacent industrial lands, expand and diversify the local tax base/economy, result in beneficial direct, indirect, and induced economic impacts, create long-term public value through an investment in revenue producing infrastructure, create a more resilient, sustainable, and prosperous local economic ecosystem.

Nassau County has deep roots in manufacturing, and the timber industry has dominated the landscape of the County for close to a century. A designated rural county by the state of Florida, the western part of the county has not benefited from any significant job creation.
