Introduction

The Florida Department of Economic Opportunity (DEO) is pleased to submit the Florida Community Services Block Grant (CSBG) Coronavirus Aid, Relief and Economic Security (CARES) Act State Plan Amendment for Federal Fiscal Year 2020. CSBG is funded under the U.S. Department of Health and Human Services (HHS), the Administration for Children and Families (ACF) and the Office of Community Services (OCS). CSBG funds are distributed to 50 states, U.S. Territories, Native American Indian Tribes and other organizations. DEO is designated by the governor as the state agency responsible for administering the CSBG program in accordance with Public Law 97-35, as amended. Presently, there are 27 Community Action Agencies (CAA), which consist of 12 public entities, 14 nonprofits and one farmworker program. These CAA cover 66 of 67 counties in Florida. The remaining county is covered by a State Farmworker Organization.

In collaboration with DEO's partners, DEO assists the governor in advancing Florida's economy by supporting the state's economic development vision and by administering state and federal programs and initiatives to help visitors, citizens, businesses and communities. DEO's administrative responsibility for the CSBG program is assigned to the Bureau of Economic Self Sufficiency (BESS) within the Division of Community Development. BESS administers the CSBG program, the Low-Income Home Energy Assistance Program and the Weatherization Assistance Program.

Executive Summary

The CSBG program CARES Act State Plan Amendment serves as Florida's application to HHS for the CSBG CARES Act funding and the state's guide for allocation of the supplemental appropriation totaling approximately \$29 million. The CARES Act, 2020, Public Law 116-36, was signed into law on March 27, 2020, providing \$1 billion in additional funds to the CSBG program nationwide. The funds to states and territories authorized under the CSBG Act are intended to address the consequences of increasing unemployment and economic disruption as a result of COVID-19. The CSBG program is administered by DEO, which has primary responsibility for the state's community assistance programs. DEO is uniquely positioned to deliver the eligible activities under the program in coordination with other state and local partners. DEO will distribute all CSBG CARES Act funding in accordance with this plan.

CARES Act CSBG supplemental funds will provide various services and activities to assist the needs of low-income individuals including the homeless, migrants and the elderly. Community Action Agencies (CAA) that receive funds under the CSBG program are required to provide services and activities to address employment, education, better use of available income, housing, nutrition, emergency and/or health services including emergency food and utility restoration. CSBG CARES Act funds are appropriated specifically "to prevent, prepare for, or respond to the coronavirus in a manner allowed under the CSBG Act". COVID-19's damage to the economy has been pervasive, systemic and cascading. Even if an individual's financial challenges predated COVID-19, that person is now in a much worse position with fewer possible recourses.

The CSBG program contributes to the state's economy and to the well-being of low-income residents. In alleviating the cause and conditions of poverty, individual and families' lives are impacted in a positive way – creating healthy, thriving communities. In partnership with the network of eligible entities that deliver program services, DEO will ensure that these healthy communities will continue during the COVID-19 pandemic. The CSBG CARES Act funding is highly flexible and critical funding that provides support to the CAAs in assisting low-income households who are almost always affected during emergencies.

102. CSBG CARES Supplemental Monitoring Approach: Describe how the state intends to implement monitoring policies and procedures as it relates directly to the CSBG CARES Supplemental. [DEO's primary purpose as the state grant provider for CSBG is to assist Florida's CSBG network of community action partners in using their grants efficiently and in accordance with federal guidelines. A central means of achieving this goal is through the Subrecipient Enterprise Resource Application (SERA). While funds are committed by execution of the Subgrant Agreement, funds cannot be disbursed unless satisfactory program and fiscal reports are submitted through SERA. Each subrecipient must submit a Financial Activity (FA) Report through SERA, which details the use of funds and connects the requested funds to a line item in the subrecipient's budget. All disbursements must be supported by documentation showing the subrecipient has incurred eligible expenses. In addition to monitoring

through SERA, DEO staff conducts regular site visits to ensure that contractual obligations are being fulfilled, programmatic goals are being achieved and services are being provided in a timely, efficient and effective manner. DEO also identified staffing resources necessary to implement the CSBG CARES Act program and plans to address a resource gaps through existing staff realignment, contractors and Other Personal Service (OPS) hires.]

- 103. CSBG CARES Supplemental Initial Monitoring Reports:** If the state monitors for CSBG CARES Supplemental only, provide the number of calendar days by which the state must disseminate an initial CSBG CARES Supplemental monitoring reports to local entities? [45]

Note: This item is associated with State Accountability Measure 4Sa(ii).

Note: *If the state is integrating all CSBG CARES Supplemental monitoring into the Regular CSBG Full On-Site, the state should include an additional section specific to the CSBG CARES Supplemental monitoring. If the state is conducting a CSBG CARES Supplemental only monitoring, the state must create a CSBG CARES Supplemental monitoring report.*

Corrective Action, Termination and Reduction of Funding and Assurance Requirements (Section 678C of the Act)

- 104. Closing Findings:** Is the state adding additional provisions to state monitoring procedures for addressing eligible entity findings/deficiencies, and the documenting closure of findings as it specifically relates to the CSBG CARES Supplemental? [No]

10.4a. Closing Findings Procedures: If yes, describe the additional provisions here.

Fiscal Controls and Audits and Cooperation Assurance

- 105. Fiscal Controls and Accounting:** As it relates specifically to the CSBG CARES Supplemental, describe any additional provisions to the state's fiscal controls and accounting procedures that will a) permit preparation of the SF-425 Federal fiscal reports (FFR) and b) permit the tracing of expenditures adequate to ensure funds have been used appropriately under the block grant, as required by Block Grant regulations applicable to CSBG at 45 CFR 96.30(a). [DEO has not made any additional provisions to the state's fiscal controls and accounting procedures as it relates specifically to the CSBG CARES Supplemental. The Chief Financial Officer mandates fiscal control standards and DEO's Division of Finance and Administration implements procedures to comply with these standards. The transition of all CSBG funds is done in accordance with state policies that have appropriate checks and balances in the system. A sample of the eligible entities is monitored on-site each year. The state Auditor General periodically audits the CSBG program and produces a report. The Department of Financial Services requires all executed agreements to be entered into Florida's Accountability Contract Tracking System. DEO also complies with the Federal Funding Accountability and Transparency Act (FFATA).]
- 106. Single Audit Management Decisions:** As it relates specifically to the CSBG CARES Supplemental, describe any additional provisions to state procedures for issuing

management decisions for eligible entity single audits, as required by Block Grant regulations applicable to CSBG at 45 CFR 75.521. **[DEO has not made any additional provisions to state procedures for issuing management decisions for eligible entity single audits as it relates specifically to the CSBG CARES Supplemental. Receipt, review and issuance of management decision letters are the responsibility of DEO's Bureau of Financial Monitoring and Accountability (FMA). Upon receipt of an annual single audit, the audit is reviewed by CSBG contract managers who complete a preliminary review checklist. The completed checklist is returned to FMA. If it is determined that a management letter is required, staff from FMA will work with the state CSBG staff to contact the eligible entity regarding the audit issue and any corrective action needed. DEO will issue the management letter requesting a written response from the eligible entity.]**

- 10.7. Assurance on Federal Investigations:** The state will “permit and cooperate with Federal investigations undertaken in accordance with Section 678D” of the CSBG Act, as required by the assurance under Section 676(b)(7) of the CSBG Act. **[Yes]**

121. Required Income Eligibility: Provide the income eligibility threshold for services in the state. **[Select one item below and numeric response where applicable.]**

- 200% of the HHS poverty line
- 125% of the HHS poverty line
- X % of the HHS poverty line (fill in the threshold): _____% **[Numeric response]**

12.1 a. Describe any changes to the state policy and/or procedures for income eligibility, such as treatment of income and family/household composition as originally described in your FFY2020 CSBG State Plan [as dated in Section 1 of this Plan].

No changes were made to state policy and/or procedures for income eligibility

Yes, there are changes to state policy and/or procedures for income eligibility as described below:

[The Coronavirus Aid, Relief and Economic Security (CARES) Act provides DEO with the authority to increase the poverty line from 125 percent. For FFY 2021, the state of Florida will utilize 200 percent of the Health and Human Services (HHS) poverty line. In an effort to further decrease administrative burden, stimulus payments from the federal government, in relation to COVID-19, will not be considered income and will not be considered in determining a household's Federal Poverty Level. Additionally, any type of unemployment payments will not be counted as income. Zero income can be determined with proof of client employment termination or a signed self-declaration of income to attest to the applicant's verbal declaration of total household income. During COVID-19, zero income can be determined at the time of application and projected forward instead of using the past 30 days. If applicable, the eligible entity should note the client's reason for zero income related to COVID-19.]

12.1 b. The change in the income eligibility threshold will apply to:

- CSBG CARES Supplemental ONLY
- CSBG CARES Supplemental AND regular CSBG funds

122. Income Eligibility for General/Short Term Services: Describe how the state ensures eligible entities generally verify income eligibility for those services with limited in-take procedures (where individual income verification is not possible or practical). An example of these services is emergency food assistance.

No changes were made to income eligibility verification.

Yes, there are changes to income eligibility verification as described below:

[During Presidentially declared state of emergencies, disaster/crisis-related unemployment may create circumstances where many individuals or families who may not have been eligible for assistance prior to the disaster/crisis may now be

eligible. Eligibility requirements are not waived during these emergencies. During emergencies, a Client Signature Waiver Form provides the flexibility for the eligible entity to accept the client’s verbal declaration of the total household income. Additionally, the Signature Waiver allows the eligible entity to document missing information to be gathered once the declared state of emergency has been cleared.]

123. Community-targeted Services: Describe how the state ensures eligible entities’ services target and benefit low-income communities for those services that provide a community-wide benefit (e.g., development of community assets/facilities, building partnerships with other organizations).

15.2. Drug-Free Workplace Requirements

This certification is required by the regulations implementing the Drug-Free Workplace Act of 1988: 45 CFR Part 76, Subpart, F. Sections 76.630(c) and (d)(2) and 76.645 (a)(1) and (b) provide that a Federal agency may designate a central receipt point for STATE-WIDE AND STATE AGENCY-WIDE certifications, and for notification of criminal drug convictions.
