SUBJECT: Revised Final 100 Percent Federal Employment and Training Grant  
Allocations for FY 2019

TO: SNAP Directors  
Financial Management Directors  
All Regions

Attached for immediate dissemination to State agencies are revised final 100 percent Federal Supplemental Nutrition Assistance Program (SNAP) Employment and Training (E&T) grants for fiscal year (FY) 2019. The Agriculture Improvement Act of 2018 (the Act), Pub. L. 115-334, increased the total amount of E&T 100 percent Federal funds to \$103,900,000 annually, and increased the minimum amount available to a State agency for SNAP E&T from \$50,000 to \$100,000. Both of these provisions are effective in FY 2019.

The revised final grant amounts represent each State agency's share of the \$103.9 million authorized under section 16(h)(1)(A) of the Food and Nutrition Act of 2008, as amended, to carry out E&T Program operations in FY 2019. To calculate the revised State E&T grants the same methodology used to determine the original final grant allocation was applied with an adjustment to the allocations to ensure that no State receives less than \$100,000, as required by the Act. North Dakota, the Virgin Islands, and Wyoming will receive the minimum \$100,000 grant.

As soon as possible State agencies should amend their FY 2019 SNAP E&T State Plans and the Program and Budget Summary Statement (Form 366-A) to reflect the increase in their E&T 100 percent grant allocation. If a State agency does not feel they will have the ability to fully obligate and expend these funds by September 30, 2019, they should advise their Food and Nutrition Service (FNS) Regional Office contact immediately so that FNS can reallocate these funds to other States.

If you have any questions, contact Loretta Robertson at (703) 605-3214.

Sincerely,

Moira Johnson  
Director  
Office of Employment and Training  
Supplemental Nutrition Assistance Program
