Tab 7	Senate Bill 2386
	<p><i>ITN Technical Response Instructions:</i></p> <p>Pending legislation in Senate Bill 2386, Section 49, states: “(1) Consistent with the principles of promoting employment of state residents, ensuring that the expenditure of state funds benefits state residents, and encouraging economic development within the state, each entity expending funds provided in the General Appropriations Act for the 2010-2011 fiscal year for any purchase of goods and services in excess of \$5 million shall give preference, to the maximum extent possible under or consistent with applicable state and federal laws, to vendors or businesses that have a principal place of business in the State of Florida and that commit contractually to maximize the use of state residents, state products, and other Florida based businesses in fulfilling their contractual duties. (2) This section does not apply to any contract that was funded prior to June 1, 2010. (3) Each state agency shall identify contracts that are subject to this section and shall report by March 1, 2011, to the Agency for Workforce Innovation each contractor's compliance with this section.”</p> <p>The Respondent shall provide the following information in their response:</p> <ul style="list-style-type: none"> • Location of existing business operations within the State of Florida • The existing number and type of employees in the State • A plan to maximize the use of Florida-based residents, state products and other Florida based businesses in fulfilling the contractual duties, if awarded

	<p><i>Guidance:</i> For the eligible firms, the points available for this new preference should be 30 points (3% of the total 1000, which is a percentage previously approved by a Florida court reviewing a local preference). These points should come from the 70 available for Tab 7 material. They are not "bonus points," because the ITN indicates that a total of 70 are available under this section. As a result, any firm not eligible for the new preference should receive no more than 40 points for Tab 7 material. Stated differently, a "perfect" response on Tab 7 would receive 40 points, and then firms satisfying the statutory criteria may receive up to 30 more, not to exceed a total of 70.</p>
