Administrative Policy

Title:	Jobseeker Registration		
Program:	Wagner-Peyser		
Effective:	4/26/2017	Revised:	5/24/2019

I. PURPOSE AND SCOPE

The purpose of this policy is to provide Local Workforce Development Boards (LWDBs) and career center employees with minimum requirements for jobseeker registration in Employ Florida.

II. BACKGROUND

The purpose of the Employment Service system is to improve the functioning of the nation's labor markets by bringing together qualified jobseekers and employers who are seeking workers. Additionally, each state must administer a labor exchange system that can:

- Assist jobseekers in finding employment, including promoting their familiarity with Employ Florida.
- Assist employers in filling jobs.
- Facilitate the match between jobseekers and employers.
- Participate in a system allowing for the movement of labor among the states, including the use of a standardized classification system.
- Meet the work test requirements of the Reemployment Assistance program.
- Provide labor exchange services as identified in Section 7(a) of the Wagner-Peyser Act.

The Wagner-Peyser Act, as amended by the Workforce Innovation and Opportunity Act of 2014 (WIOA), provides specific guidelines for jobseeker registration. 20 CFR 652.207

requires labor exchange services be made available to all jobseekers, including Reemployment Assistance claimants, veterans, migrant and seasonal farmworkers, and individuals with disabilities. As described in the Wagner-Peyser Act, the state must have the capacity to deliver statewide labor exchange services through self-service, facilitated self-help service, and staff-assisted service.

IV. POLICIES AND PROCEDURES

A. Jobseeker Registration Requirements

Jobseekers receiving Wagner-Peyser funded facilitated self-help and staff-assisted services must complete either a partial or full registration in [Employ Florida](#). Jobseekers who use self-service may be registered, but registration is not required. However, jobseekers enrolled as participants in Wagner-Peyser (WP) or Workforce Innovation and Opportunity Act (WIOA) must have a full registration in Employ Florida prior to receiving any service. Jobseekers may self-register or career center staff may register a jobseeker. Prior to registering a jobseeker, career center staff must first check to see if the jobseeker is already registered in Employ Florida. If the jobseeker is not already registered, career center staff must ensure they have obtained the jobseeker's permission prior to creating a new registration. A case note must be included on the jobseeker's account stating the jobseeker granted staff permission to create the account.

B. Migrant and Seasonal Farmworker (MSFW) Registration

Migrant and Seasonal Farmworkers may complete either a partial or full registration in Employ Florida to receive services in accordance with [Administrative Policy 03-040](#).

C. Recording Services Provided to Jobseekers

The jobseeker's activity history/service plan screen in Employ Florida is used to record all services received, including job referrals and placements. The purpose of providing services is to enhance the jobseeker's ability to become employed. Career center staff must record services provided to jobseekers within fifteen days of the date the service was provided.

D. Use of Pseudo Social Security Numbers

Staff are allowed to create pseudo social security numbers (SSNs) for the sole purpose of registration in Employ Florida. The only reasons for which a pseudo SSN may be created are when an individual requests not use his/her SSN or when a duplicate registration exists. Pseudo SSNs cannot be created by a jobseeker.

To create a pseudo SSN in Employ Florida, staff must enter information on the jobseeker as follows:

- Enter "9" as the first digit.
- Enter the last two digits of the jobseeker's birth year as the next two digits.
- Enter "00" as the two middle digits.
- Enter the month and date of birth sequentially as the last four digits.

Example

Date of Birth: February 6, 1977

Pseudo SSN: 977 00 0206

If the pseudo SSN is already being utilized, a unique number may be created by altering the middle two digits consecutively from "00" until an unassigned number is found. Once the pseudo number is created, it is the responsibility of staff to enter the registration for the jobseeker.

Upon completing the registration of the jobseeker, staff must enter a case note in the jobseeker's case file stating the reason a pseudo SSN was used.

E. Procedures for Correcting Social Security Number Errors in Employ Florida

Whenever a jobseeker tries to register in Employ Florida and reports that his/her SSN is already in use by another individual, or if staff identify a duplicative registration for a jobseeker with a different social security number, staff must resolve the issue as outlined below.

1. Staff must verify there is an issue with the SSN or verify a duplicate registration exists in Employ Florida for the jobseeker.

2. Staff must request the jobseeker produce an original social security card, or certified copy if the original is unobtainable, and match it with the appropriate picture identification. If the jobseeker does not provide a social security card, staff must request the jobseeker to provide original documentation issued by a state or federal governmental entity that documents the SSN and match it with the appropriate picture identification. If the jobseeker is unable to produce the original(s) documentation, staff must request the jobseeker to provide certified copy(ies). Every effort must be made to review original documentation; however, staff are allowed to use verifiable third-party resources to verify the true owner of the SSN in the absence of such documentation. Third party resources include, but are not limited to: SUNTAX, CONNECT and/or the Department of Children and Families' records.
3. Staff must review the documentation provided by the jobseeker to confirm ownership of the SSN.
4. Once the SSN is confirmed, staff must allow the jobseeker to register under the correct SSN.
5. Staff must review reemployment assistance records, if they have access to CONNECT, to determine whether wage records exist or whether a claim has been filed against the SSN in question. If staff find wage records exist or that a Reemployment Assistance claim has been filed by a person with an incorrect SSN, staff must notify the Bureau of Reemployment Assistance by email at: escalated.claimants@deo.myflorida.com. If staff does not have access to CONNECT, an email must be sent to Reemployment Assistance explaining the issues identified with the SSN. Staff must not provide the SSN in an email.
6. Staff must case note in the jobseeker's case file all actions that occurred and document he/she verified the source documentation.
7. Staff must review the Employ Florida file for the jobseeker to whom the SSN was assigned in error to determine whether activities or services have been documented in the file during the most recent four quarters.
 - a. If no activity has been documented for the jobseeker in the most recent four quarters, a case note must be recorded to document the SSN error and a pseudo SSN must be created and assigned.
 - b. If activities or services have been documented for the jobseeker in the most recent four quarters, staff must determine whether the jobseeker using the incorrect SSN resides in a different local area, and if so, contact the local area to explain the SSN error. If the jobseeker is in the

local area of the staff member, appropriate steps must be made to correct the error.

- c. Staff in the appropriate local area must attempt to contact the jobseeker to whom the SSN is assigned in error and case note the efforts in Employ Florida.
 - i. Upon making contact with the jobseeker, staff must request the jobseeker provide appropriate documentation of their correct SSN. If the jobseeker refuses to or is not able to provide the correct documentation, a pseudo SSN must be issued and a detailed case note must be entered into the Employ Florida file.
 - ii. If the jobseeker cannot be contacted, the incorrect SSN must be changed to a pseudo number using the date of birth provided on the account and a case note entered into Employ Florida documenting the action until such time the correct SSN is provided and confirmed.

F. Procedures for Handling Duplicate Registrations and Merging Accounts

Staff may occasionally discover duplicate registrations for a particular jobseeker. These must be corrected when identified and verified that the duplicative registrations are the same jobseeker. The account containing the correct SSN for the jobseeker must be recognized as the correct account. The information from the account with the incorrect SSN must be merged to the correct account. Staff must obtain the assistance of their Regional Security Officer (RSO) to merge accounts, as only the RSO is allowed to merge accounts.

When the accounts are ready to be merged, the RSO must archive or delete the account with the incorrect SSN. See below for procedures to follow when merging accounts. Prior to merging the accounts, staff must ensure the name, gender and date of birth are the same in both accounts. If an issue is identified, staff must notify DEO by sending an email to Wagner.Peyser@deo.myflorida.com and case note this issue in Employ Florida. DEO staff will review and take appropriate steps to resolve the issue.

1. Staff must provide the RSO with the usernames, state IDs and last four digits of the SSN for the two accounts that need to be merged.
2. Staff must explain why the accounts need to be merged and enter a case note to both files.
3. A second level review must be done by the RSO for all changes identified to be made to the accounts due to SSN errors or duplicative registrations.

4. The RSO must then enter a ticket into the Online Project Communication (OPC) system requesting the accounts be merged.
5. The language for the request must state: "Please merge username XXXX, state ID 11111 and username YYYYYY, state ID 22222 into correct account username XXXX state ID 11111, where this is the account to remain."
6. Once the RSO verifies the account has been merged, the RSO must advise the requesting staff.
7. In all cases, the name of the staff member requesting the SSN change and/or assignment of a pseudo SSN should be documented in a case note for the affected case files. Staff must also enter a case note into the correct account in Employ Florida describing all actions taken.
8. Staff must record new program services and activities into the merged account.

G. Veterans' Priority of Service

Veterans or other covered persons, as defined in 20 CFR Part 1010.110, enrolled in the Wagner-Peyser program or receiving services must receive priority of service (POS) at the point of entry. Points of entry include physical locations, such as career centers, as well as web sites and other virtual service delivery resources. Upon registration in Employ Florida, or at the initial point of contact with career center staff, LWDBs or career center staff must notify veterans or other covered persons of their priority of service. The notification of POS must be documented on the veteran's activity service plan. Furthermore, POS must be provided to a veteran at least once per WP application. Staff must check the veteran's current WP application activities screen to verify whether or not previous POS notification had occurred either automatically with a system-generated service code 089, or in person with a staff-generated service code 189. If there is no POS notification on the current WP application activities screen, staff must verbally provide POS, case note the provision, and record service code 189 on the veteran's current WP application activities screen. It is not permissible for staff to only provide handouts regarding POS to record the service code – verbal notification must occur.

Notification of POS can be provided by any staff member, not just veteran staff (Local Veterans Employment Representatives/LVERs or Disabled Veterans Outreach Program/DVOP specialists).

H. Wagner-Peyser Application Exit

A jobseeker is considered to have exited the program when the jobseeker has not received for at least 90 consecutive days a service that triggers or extends participation and does not have a future service that triggers or extends participation scheduled. In

this instance, the jobseeker is referred to as having “soft exited.” Additionally, a jobseeker may be “hard exited” from the program if the jobseeker:

- Has become incarcerated in a correctional institution or has become a resident of an institution or facility providing 24-hour support.
- Is receiving medical treatment that is expected to last longer than 90 days and precludes entry into unsubsidized employment or continued participation in the program.
- Is deceased.
- Is a member of the National Guard or other reserve military unit of the armed forces and is called to active duty for at least 90 days.

A case note must be entered on the jobseeker’s case file indicating why the hard exit was done.

I. State and Local Monitoring

Services and activities provided under WP must be monitored annually for compliance with WP requirements by DEO. DEO will monitor the requirements outlined in this policy and local operating procedures. Additionally, LWDBs must establish local monitoring policies and procedures that include, at minimum:

1. Roles of the participant and LWDB staff; and
2. Local monitoring procedures of Wagner-Peyser.

LWDBs must ensure participating providers agree to cooperate with monitoring efforts by the state and/or LWDB and adhere to all other applicable local, state and federal rules and regulations.
